

SARAH BARRIS HE BELIEVES HE CAN CURE THE GREAT WHITE PLAGUE.

WILL NOT USE VACCINE

Prof. Behring, Discoverer of Diphtheria Serum, Makes Announcement.

PARIS, Oct. 6.—Prof. Behring, who discovered the serum treatment for diphtheria and who is one of the most famous of the Pasteur Institute experts, informs the Matin that he has discovered a method of curing tuberculosis.

He says that the method involves the use of neither serum nor vaccine, but that it is a preventive as well as curative remedy.

Prof. Behring has decided to make a statement to the International Tuberculosis Congress Saturday relative to his discovery, which Dr. Pierre Roux, director of the Pasteur Institute; Prof. Metchnikoff, who is attached to the institute, and other specialists consider of great importance.

He will explain the method to Drs. Roux and Metchnikoff and leave the application of it to medical practitioners without revealing the nature of the remedy, because he thinks he has a right to reserve, temporarily, the profits of the discovery to enable him to prosecute other researches. Prof. Behring added: "From today onward the victims of tuberculosis may hope again."

The Nobel prize in medicine, the value of which was \$40,000, was awarded to Prof. Behring in 1901 for his method of preventing cattle immune from tuberculosis by inoculation.

In the following May the success of his serum treatment for diphtheria was noted in the official statistics of Berlin, where a death rate of 1,300 to 2,000 was cut down in 1901 to 460 by use of the serum.

BONAPARTE PRAISES KICKER IN POLITICS

Secretary of the Navy Tells Bankers He's Both Independent and Republican.

ANNAPOLIS, Oct. 6.—The features of the banquet of the Maryland Bankers' Association last night was an address by Secretary of the Navy Charles J. Bonaparte on "The Necessity for Independent Political Action on the Part of the Men Governing the Finances of the Country." Secretary Bonaparte said in part:

"I am speaking tonight for that class of citizens who call themselves independent, but are called a number of other things by those who do not agree with them—generally 'kickers.'"

"The kicker is the only means by which an American party is kept in order. Unless the men who control the policies of a nation know that if they insult the intelligence and sense of honesty of the masses of the people too much, the kicker will rise up and chase them out of power, they will treat mere resolutions and remonstrances merely as 'words which break no bones.'"

"The kicker is the only means by which a party is kept in order. Unless the men who control the policies of a nation know that if they insult the intelligence and sense of honesty of the masses of the people too much, the kicker will rise up and chase them out of power, they will treat mere resolutions and remonstrances merely as 'words which break no bones.'"

"In the last campaign I was frequently asked if I was a Republican or an independent. I had no hesitancy in answering that I was both."
